Central Venue Tournaments

01823 653996

SPRING TERM 2026

Competitive fixtures and leagues should feature your strongest team and regular school club attendees, some of these fixtures may lead to county wide events or competitions.

Friendly tournaments should feature, as much as possible, those children that take part in clubs at school but have not been chosen for the competitions in that sport or may struggle to access opportunities outside school. Where there are only friendly fixtures for a particular sport, please rotate the children you bring to each fixture as much as possible. We will not be collecting scores for these events.

We Can Play and inclusive events are aimed at those pupils who face barriers to participation in physical activity for any number of reasons (such as SEND, gender, low social economic groups, ethnicity or low self-confidence). They will have not, or very rarely, attended clubs (in or outside of school) or represented their schools before and the aim is to inspire and encourage these children to become more active. The events will include a range of skills, activities and small sided games related to a specific sport with a focus on fun and positive experiences.

For friendly and we can play events, we recommend that all squad members take part in every game and they are rotated so all participants have equal playing time.

Central Venue Tournament rules are available on our website www.sasp.co.uk/toner-school-sport under Tone Competition/Tone Primary Rules
